College Concept

SAT/ACT

What is the SAT and ACT?

The SAT and ACT are exams used by colleges to determine if a student is college ready. The SAT contains 154 questions consisting of reading, writing and math and has a time limit of 3 hours to complete. The ACT 215 questions consisting of reading, English, Math and Science and has a time limit of 3 hours and 30 minutes.

Should my student take the SAT and ACT?

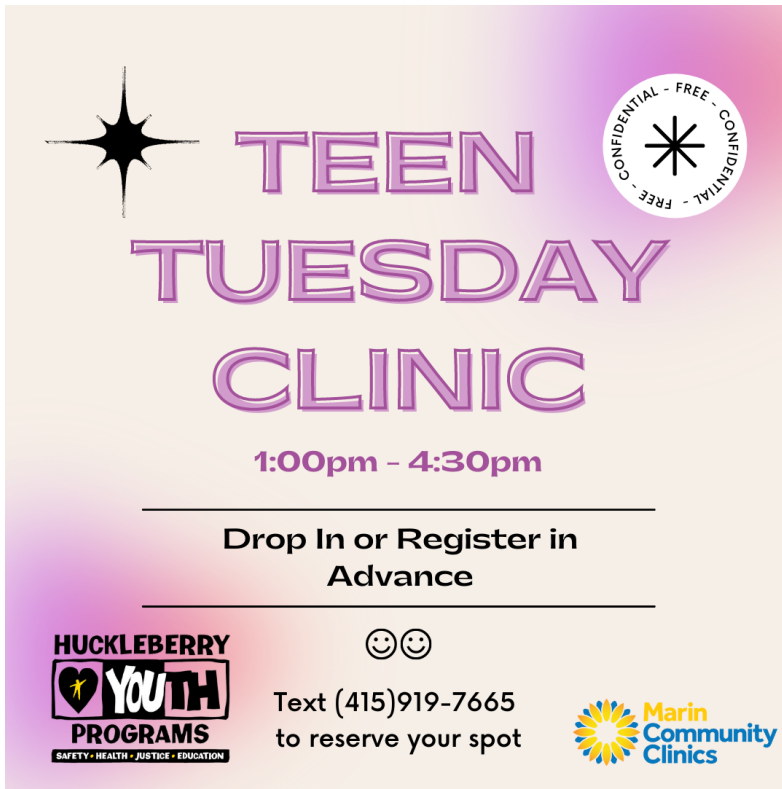

Most schools only require one exam score. Due to the pandemic, many colleges have dropped these exams however, if a student is thinking of applying to private schools or out of state schools, we encourage they take the SAT/ACT exams. Huckleberry is offering SAT prep courses this summer.

Can my student go to college without a good SAT/ACT grade?

Colleges look at more than just test scores. They also look at a student's grades and extra curricular activities.

Students are also encouraged to take the exams more than once.
